Is he cool?

Yes

What is 2030 Clergy?

Clergy in their 20s, 30s, early
40s. If you are clergy and you
have a glimmer of hope that
the stock market can rebound
before you need to retire,
come on down!

**Can I invite my clergy friends,
even non-UCC friends?**

This is mandatory.

**Will we see visions and dream
dreams about the future of the
church?**

It's on the agenda.

**Will we talk about how we get
to the promised land when we
aren't starting from scratch,
but are starting from the
Egypt of old buildings and
aging congregations?**

Betcha a dollar it will come up.

**Will we have time to have fun,
time to hang out, time to
explore Chicago?**

We are clergy—we are party
animals.

**Should I fill out the registration
form and send it in today?**

Now you're on to something!
